HARBOR SEALS

WELCOME TO OTTENBY!

On the southern point of Öland you can enjoy a unique landscape with beautiful views of seals, fallow deers, white-tailed eagles and birds of all sorts. Ottenby actually is one of Sweden's top birdareas. Here you can get to know birds in an exciting way by taking a guided tour. In the visiting centre naturum Ottenby on the southern point of Öland you can find guided tours in English that will help you to get to know the landscape around you. The staff is also available to answer your questions and to help you experience Ottenby in the best possible way.

If you are more curious about birds you can also visit Ottenby bird observatory. About 25 000 birds are ringed here every year and during the high season you can follow the staff on a guided tour.

The nature reserve Ottenby is a part of the World Heritage site Agricultural landscape of Southern Öland. For centuries the large numbers of grazing animals in the grasslands in the area have created a landscape that many species enjoy.

Today Ottenby is a place where you can explore a rich diversity of plants and animals, climb the highest lighthouse in Sweden - Långe Jan - or simply sit back and enjoy a meal at the local restaurant Fågel Blå. If you would like to buy a souvenir as a memory from your visit on Öland you can visit the local shop Naturbokhandeln Ottenby.

Welcome to Ottenby!

GUIDED TOURS

INTRODUCTION TO NATURUM

Daily, 1 pm or as requested
A short introduction to your visit. The staff in the visitor centre showcase the exhibition and tell you about how you can experience Ottenby in its best way.

For free! The introduction takes about 15 minutes.

No reservation needed. The tour starts at the information counter in naturum Ottenby. If you are interested in a guided tour any other hour you can simply ask the staff.

BIRDS AND RINGING

24 June - 11 August, Daily 2.45 pm

Visit Ottenby bird observatory behind the scenes and watch them ring the birds. If we are lucky we might be able to admire a bird up close - really close!

75 SEK / adults, 55 SEK / children (between 4 - 16 years)

INTERESTED IN OTHER GUIDED TOURS?

Several of our guided tours can also be offered in english. Special demonstrations for groups and for school classes can be offered throughout the year. If you are interested please don't hesitate to contact our staff at naturum@ottenby.se.

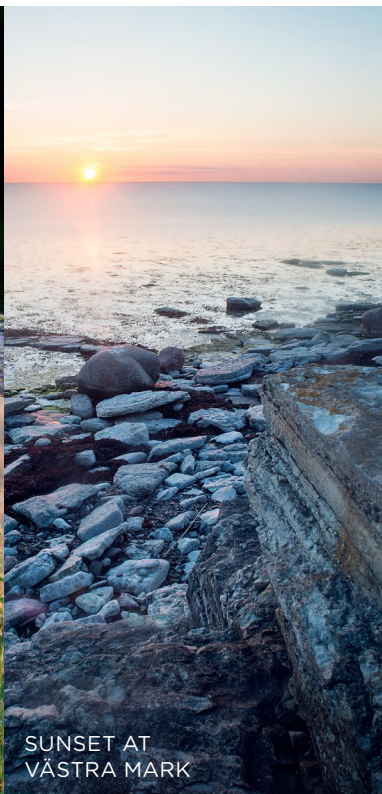

OTTENBY NATURE RESERVE

Ottenby Nature Reserve is located on the southern cape of the island of Öland. Here you can find beautiful trails where you can explore the forest Ottenby lund or the magnificent meadows.

Ottenby is also one of the best bird watching areas in Sweden. Thousands of migrating birds pass the area on their way north or south. There is also a large number of nesting birds in the nature reserve. In the spring the golden oriole can be heard singing. At the visitor center naturum Ottenby you can find knowledgeable staff who can help you explore the nature reserve in the best possible way.

Your adventure begins here!
